Landfill Communities Fund

The Landfill Communities Fund (LCF) is an innovative tax credit scheme enabling operators (LOs) to contribute money to organisations enrolled with ENTRUST as Environmental Bodies (EBs). EBs use this funding for a wide range of community and environmental projects in the vicinity of landfill sites. LOs are able to claim a credit (currently 5.3%) against their landfill tax liability for 90% of the contributions they make.

Since its inception in 1996, over £1.6 billion has been spent on more than 56,000 projects across the UK. For further information please visit www.entrust.org.uk or see [HMRC's general guide to landfill tax](#).
